YEAR 4 4.1 - Branching Databases

Computing Area	Computer science
National Curriculum Strands	• Select, use and combine a variety of software (including internet services) on a range of digital devices to design and create a range of programs, systems and content that accomplish given goals, including collecting, analysing, evaluating and presenting data and information
Skills Progression Points	• Demonstrate the different ways data can be organised. • Demonstrate the different ways data can be converted into information. • Make a branching database. • Collect data and identify where it could be inaccurate. • Plan, create and search a database. • Select the best way to present data to a specific audience.
Hardware	iPads/Laptops/Desktop PCs
Software/App	PowerPoint/Google Slides/JIT5/Pic Collage
Unit Objective	To understand how to organise and classify objects using a branching database
Unit Vocabulary	Branching database, database, organise, transition, slides, closed question
